

The Alliston Lions Club has an equipment room for durable medical equipment (DME).

For those unfamiliar with the equipment room, we offer the use of durable medical equipment (DME) to the community as needed upon receipt of a nominal deposit.

The DME items being loaned have been donated to the Lions Club. This means that most of the equipment is gently used. Since the Lions Club does not have the funds for equipment repair and sanitation, all of the equipment room items are on an “as is” basis. The type of DME items available for loan varies depending on the items donated to the Lions Club. Some examples of items donated to the Lions Club and available for loan are listed below.

- **Walkers**
- **Bath seats and benches**
- **Commodes and toilet seats**
- **Crutches and canes**
- **Wheelchairs**

The Alliston Lions Club always appreciates donated DME in good, clean, usable condition.

For more information contact the Alliston Lions Club at 705-435-4012.
